

PALLET RING 2T

c/w Rotation Lock

Product Data

ITEM CODE & NAME:

- **13-PR500/RL** 1100mm Pallet Ring 2T on 500mm

SPECIFICATIONS:

- **Dimensions:** ± 510mm Overall Height x 1100mm Ring Diameter
- Finish: Industrial enamel (Yellow).
- Galvanised Rotating Angle Ring
- Weight: ± 75kg
- Max Capacity: 2,000 kg
- Foot operated Rotation Lock with stops at 90 degree locations
- Forkliftable

USER TIPS:

- Reduces the need for stretching when loading or unloading product.
- Ideal for areas where more complex lifting equipment cannot be used.
- Helps to decrease the amount of time workers spend walking around a pallet and reduce the stretching that can cause injury.
- Easy to rotate – won't bind or tighten under load
