

STEEL PALLET FOUR WAY ENTRY

1165x1165mm

Product Data

ITEM CODE & NAME:

- **13-PSG1165** Four Way Entry Steel Pallet

SPECIFICATIONS:

- **Ext. Dimensions:**
1165mmx1165mmx185mm
- 2 Tonne Capacity; Load Evenly Distributed
- 4 x Lashing Points
- Four Way Entry
- Pallet Racking Compatible
- Anti-Tipping Bars
- Powdercoated Yellow
- Forklift Safety Cambered Underrail

USER TIPS:

- Ideal when equipment is too heavy for timber pallets and too light for heavy-duty steel pallets
- Reliable light-duty construction makes it ideal for transporting or storing bulky, light-weight equipment.
- Engineered to comply with Australian Standards
- Four-way forklift entry for ease of movement.
- Cost-effective starter for transitioning your operations away from timber storage and transport frames
- In stock, saving vendors time in fabricating pallets in-house
- Use with DAYWALK Load Restraint Rubber on the pallet, to prevent loads from sliding on the pallet.
