

COMPATIBLE WITH 16-19MM PET STRAPPING

GT-XTREME STRAPPING TOOL

**Battery Operated Tool
for PET Strapping.**

Discover the DAYWALK GT-Xtreme (GTX) Battery Strapping Tool, the ideal choice for high-speed strapping operations. Compatible with 16-19mm PET strapping, this premium tool prioritizes user comfort while minimizing injury and fatigue. Boost your productivity with a tool designed for performance.

FEATURES / KEY BENEFITS

ERGONOMIC DESIGN

The GTX offers user safety and comfort with a natural rubber handle, robust plastic cover and tough mainframe construction which is lightweight but durable.

LITHIUM ION BATTERY

2 long-lasting lithium batteries and charger included which is interchangeable with other standard batteries (e.g. cordless drill).

TENSIONING FORCE

Powerful industry leading tensioning force, it proves to be a premium option for high speed and high quantity strapping operations with 3 modes; Auto, Manual, and Soft.

SPECIFICATIONS

SKU	03-ST/GTX	Max. Tension on Package	8.400N
Weight	4kg (including battery)	Max. Tension Speed	9,0 mt/min
Inclusions	2 Batteries (Akku Power SP5 18 Vdc 5 Ah Li-Ion) 1 Charger	Package Type	Flat surface (min. 120mm) Round surface (min. diam. 700mm)
Strap Width	16mm-19mm PET Strapping	Joint Type	Friction weld seal
Strap Thickness	from 0.7 mm up to 1.27 mm	Component Material	Stainless steel
Max. Tension Single Strap	4.200N	Operation Modes	Auto, Manual, Soft

PET STRAPPING SYSTEMS

OPERATIONAL FEATURES:

- Balanced design improves efficiency
- Simple and user-friendly interface
- Digital display with visible parameters
- Lockable keypad option to improve safety
- Low maintenance required, due to brushless motor
- Easy removable casing for quick maintenance

LIGHTWEIGHT & ULTRA TOUGH

The toughest and lightest on the market.
