

**CERTIFIED FOR STORAGE AND PRESERVATION**

**STEEL PALLET HOOD**

The DAYWALK Steel Pallet Hood is a pre-engineered premium cover, that fits any DAYWALK 1160mm square steel pallets as an add-on. A sustainable preservation solution, they provide weather-proof and heavy-duty protection for critical spares and parts, preventing product damage.

**FEATURES / KEY BENEFITS**

**SAFEGUARD ASSURANCE**

Provides weather-proof and heavy duty protection, safeguarding components against dust, rain, UV rays and ultimately rust.

**LIFT POINTS**

Designed with bright red lift points for easy and secured crane lifting.

**RATED FOR RESTRAINT**

Rated for up to 300kg strapping over the top to secure the hood and the components within.
