

CERTIFIED FOR STORAGE

GALVANISED HEAVY DUTY STEEL CAGES

Available sizes: 500mmH & 800mmH

Carefully designed to fit safely on pallet racking, these full steel mesh cages are ideal for bulk storage and handling. These pallet stillages are also hot-dip galvanised to protect from corrosion, which is essential when weather elements are a considered factor. Also includes anti-tipping bars, mesh sides, sheet flooring and a lockable lid is available for added security.

FEATURES / KEY BENEFITS

HOT-DIP GALVANISED

Assured durability and corrosion protection, even in the most rugged racking environments due to weather exposure.

CAMBERED SAFETY UNDER-RAILS

Preventing damage to racking beams and providing added support.

STACKABLE

Can be stacked up to 4 cages high, ideal for storage areas with limited floor space.

SPECIFICATIONS

SKU	13-PSS500C/INT/HD	13-PSS800C/INT/HD
Coating/Material	Hot-dip Galvanised	Hot-dip Galvanised
Ext. Dimensions	1097mmWx1097mmDx700mmExt (500mm Int Cage H)	1097mmWx1097mmDx1000mmExt (800mm Int Cage H)
